

## **Seeking Applicants: Child-Adolescent Post-Doctoral Fellowship**

Clarity Child Guidance Center is seeking applications for a one-year Post-Doctoral Fellowship. Applicants should possess a strong foundation in psychological testing and experience providing services to children and adolescents with complex trauma. Applicants with interest in applying psychodynamic conceptualization and family systems theory to their clinical work are encouraged to apply. In line with Clarity's mission, we are seeking a Post-Doctoral Fellow who desires to serve an underserved child and adolescent population in their career.

The Post-Doctoral Fellow will obtain supervision, training and experience providing psychological consultation, psychological testing and psychotherapy (primarily family and group) across levels of care (inpatient, partial and outpatient). In addition to these clinical experiences, the Post-Doctoral Fellow will have the opportunity to make public presentations on behalf of Clarity and participate in other public outreach activities. A minimum of two hours of individual clinical supervision will be provided by a licensed psychologist per week in addition to weekly case conferences and a didactic seminar.

Clarity Child Guidance Center is a private, not-for-profit children's psychiatric hospital that serves as the training affiliate providing the sole major rotation for the Child, Adolescent and Family Track of the APA-accredited pre-doctoral internship through The University of Texas Health at San Antonio. The Post-Doctoral Fellow will be part of a training cohort that includes two predoctoral interns and one additional Post-Doctoral Fellow.

The Post-Doctoral Fellow will be compensated with an annual salary of \$50,000 plus benefits which include: paid time off, a 403(b)-retirement plan with discretionary matching, as well as the option to purchase health insurance. Interested applicants should email a cover letter stating at least two professional development goals for their Post-Doctoral training, their CV and three reference letters to Dr. Essery at [joshua.essery@claritycgc.org](mailto:joshua.essery@claritycgc.org). The start date is negotiable based on applicant's internship end date. There is one available position which will remain open until filled.
